GENEROSITY PATH

Generosity Path exists to see hearts fully surrendered to Jesus through radical generosity. Over the next four years (by the end of 2027) we want to spark indigenous movements of generosity in every tribe and nation – a first step towards our greater vision to see a world healed through generosity.

Our primary tool to achieve this is the Journey of Generosity (JOG), a simple, interactive experience that creates a space for people to have conversations about faith, life and money. Over four sessions lasting a single day, organised as an overnight retreat, or delivered across four separate sessions, we explore real-life stories of generous givers from around the world, study what the bible has to say about giving, and walk through some through-provoking activities. To date, we have brought together tens of thousands of givers in more than 100 countries across the globe.

Since we are fully and privately funded, we are able to create safe and inspiring environments for people to share without any concern that there will be an appeal for funds.

We believe God is already using Generosity Path to transform lives and are excited for the journey ahead.
